Tanuku, Andhra Pradesh, India | Open to relocate: Bengaluru · Hyderabad · Chennai · Pune · Mumbai · Gujarat · Kerala

PROFESSIONAL SUMMARY

B.Tech (AI & ML) 2026 graduate and **CEH v13-trained** security analyst with **6 months of paid internship** running authorised security tests on client web applications. Hands-on across the VAPT lifecycle, OWASP Top 10 and API testing with Burp Suite; found a real-world broken-link-hijacking flaw and built a multithreaded port scanner.

TECHNICAL SKILLS

Application Security: Web & API testing, OWASP Top 10, Burp Suite, PortSwigger Academy, secure code review, Nessus, Acunetix

Recon & Tooling: Nmap, Metasploit, Wireshark, OSINT (Shodan, Maltego, Google dorking), Kali Linux, Postman

SIEM & SOC: Splunk, Microsoft Sentinel (KQL, analytics rules, playbooks), Wazuh, alert triage, log analysis, escalation

Scripting & Platforms: Python, PowerShell, SQL, Linux (Kali, Ubuntu), Windows, VMware/VirtualBox, Git, Azure

Web & Databases: HTML, CSS, JavaScript, PHP, SQL, MySQL, MongoDB; working knowledge of React, Node.js

SECURITY EXPERIENCE

Cybersecurity Analyst Intern | Skills Uprise Spectranox Pvt. Ltd. (Paid) Feb 2026 – Aug 2026

- Ran authorised security tests on client web apps (client names withheld); reported findings and guided fixes.
- Designed **12+ bug-hunting labs** and trained **50+ students** in secure vs. insecure web development (PHP, SQL, JS).
- Built live **SOC dashboards** for DVWA and Mutillidae with **real-time email alerts** on attack activity.
- Built secure and insecure versions of the same **PHP/MySQL** features and debugged trainee code end to end.

Cyber Security Police Intern | Amroha Police (Government · 10-day programme) Jun 2026

- Monitored **Wazuh** alerts and tested web apps for **IDOR, price tampering and OTP bypass** using Burp Suite.
- Assisted real cybercrime cases with **OSINT** (Shodan, Epieos) and **mobile forensics** (Autopsy, Cellebrite, Oxygen).
- Covered **Android and iOS app testing**, subdomain enumeration, dark-web monitoring and threat intelligence, plus cyber laws and research-paper writing.

Cybersecurity Intern – Web App VAPT & Application Security | Supraja Technologies May 2025 – 2026

- Ran the **VAPT lifecycle** on lab targets (Kali, Metasploitable 2, Windows): recon, scanning, exploitation, reporting.
- Tested DVWA for **OWASP Top 10** flaws (SQLi, HTML/iframe injection, LFI) with **Burp Suite, Nmap, Nessus, Acunetix**.
- Selected for the advanced track as a top performer (~120 participants): **PortSwigger Academy** labs, **API security testing** and a **Splunk log IDS/IPS** capstone; found a **real-world broken-link-hijacking** flaw in OSINT.
- Enumerated FTP, HTTP, SMTP, SNMP, SSH and Telnet services with Nmap, Maltego and WHOIS; practised Metasploit payloads.

AI ENGINEERING EXPERIENCE

GenAI Intern | Huebits Tech Pvt. Ltd. Jan 2026 – Mar 2026

- Co-built **OmniAI Cloud** (FastAPI, Streamlit, Azure), a multi-modal GenAI platform routing inputs to **nine models**.
- Cut first-request latency from **~86 s to 1.8 s** with model pre-loading; routing cut up to **76%** of needless model runs.

PROJECTS

ShadowPortX – Offensive & Defensive Port Scanner | Python, PyQt6, multithreading, PyInstaller

- Built a **multithreaded** port scanner with TCP, UDP, SYN and version scans, built-in **WHOIS/DNS intelligence** and one-click **PDF/CSV/JSON** reporting; packaged as a standalone Windows app.

Log-Based IDS/IPS Prevention System | Python, Splunk, SIEM correlation

- Built a detection pipeline with log normalisation, **detection rules** (SQLi, XSS, brute force, IDOR, credential stuffing), **risk scoring**, IOC correlation and real-time alerting.

EDUCATION

B.Tech, AI & Machine Learning – SASI Institute of Technology & Engineering | CGPA 8.0/10, no backlogs 2022 – 2026

Intermediate (MPC) – Narayana Junior College: **81.4%** | SSC – Bhashyam Public School: **98.0%** 2022 | 2020

CERTIFICATIONS & ACHIEVEMENTS

- **CEH v13 track** (6-month specialisation, Skills Uprise) · **SOC with AI L2/L3** training (Splunk, Sentinel, YARA, MISP)
- **Oracle Certified:** OCI 2025 AI Foundations Associate · AI Vector Search Professional (both valid to Oct 2027)
- **Published paper:** OmniAI Cloud – International Conference on Cyber and AI Security (MITS × IIIC × IEEE)
- **TryHackMe AI Security L1** (selected, exam voucher) · Certificate of Excellence, Supraja Technologies · 2 LORs
